About The Statue of Liberty-Ellis Island Foundation (www.LibertyEllisFoundation.org)

The Statue of Liberty-Ellis Island Foundation is the nonprofit that raises funds to preserve and honor the Statue of Liberty and Ellis Island, collaborating with the National Park Service in one of the country's most successful public-private partnerships. In 1982, President Ronald Reagan called for the Foundation to lead a private-sector effort for the centennial restorations of the historic monuments. The Foundation's efforts since have included the construction of the Statue of Liberty Museum, the development of the free Ellis Island records database, and now a multi-year project to revitalize the Ellis Island museum. The Foundation enhances the visitor experience by operating the family history center on Ellis Island, running self-guided/audio tours, and maintaining interactive exhibits.

The Statue of Liberty-Ellis Island Foundation is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity or expression, pregnancy, age, national origin, disability status, genetic information, protected veteran status, or any other characteristic protected by law.
